Subject: Deficient Notice of Intention to Commence Small Mining Operations, Stone Cover, LLC, Stone Cover Quarry, S/027/0114, Millard County, Utah

Dear Mr. Weston:

The Division has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), and the following items will need to be addressed before the NOI can be determined complete. I apologize for the delay in responding to receipt of the NOI.

1. Section II #2. Please provide a general location map that would easily communicate the location of your mine from a known landmark, such as the nearest State or U.S. highway. The Division prefers that you use a USGS 1:24,000 topographic map for this purpose.
2. Section I # 8. The NOI says you have a legal right to enter and begin operations. Please confirm that this is correct as the Division has not received a copy of any authorization from the Bureau of Land Management.

Prior to final approval, the Division will need to receive a reclamation surety and a reclamation contract. The Division has not received concurrence from the BLM for the surety amount, but we will let you know when the amount has been determined.

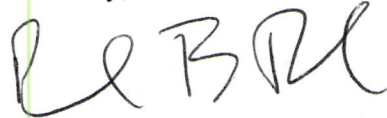

Please provide your response as replacement pages to your original NOI, using Form MR-REV-SMO, available on the Division's web site at www.ogm.utah.gov.
